LOVE OF BEAUTY IS TASTE,
CREATION OF BEAUTY IS ART

True beauty has the power to inspire and elevate. Every day, it enriches our lives in infinite ways both obvious and subtle. A moving sonnet, a powerful film, an infectious rhythm, a rare vintage, an impressionist landscape – when we encounter singular works of beauty, our senses are heightened, and somehow the way in which we perceive our world is changed forever. Beauty is timeless, as are the artisans who pour heart and soul into its creation. Their talent, genius and muse create gifts that are beyond measure.

BIRTH OF A LEGEND

A fiercely independent spirit and a rich and prestigious history define Aston Martin as truly unique in the automotive world. The incredible story begins on 15th January, 1913 when founders Robert Bamford and Lionel Martin created Bamford and Martin Limited, working from a humble workshop on Henniker Mews in London. Their vision for cars with an impeccable design and supreme performance captivated the public's imagination and still commands the same emotive fascination over 100 years later. In 1914 the name Aston Martin was adopted. Fittingly, this decision was inspired by Lionel's success at the Aston Hill Climb in Buckinghamshire, England. Competition has always been in their blood. Since those pioneering days, Aston Martin has become an iconic brand synonymous with handcrafted luxury, peerless beauty, incredible performance and international motorsport glory.

THE ESSENCE OF ASTON MARTIN

The very essence of Aston Martin is something you feel each time you look at one of our cars. It sweeps over you every moment you spend behind the wheel. Powerful, exhilarating and precise yet timelessly elegant and sophisticated; our cars blend iconic design, exceptional engineering and unrivalled craftsmanship to create an unforgettable, emotional experience.

PASSION FOR PERFECTION

The people who bring our cars to life are inspired by a shared pride in representing Aston Martin and energised by a common determination to create the most beautiful cars in the world. A unique collective skill set, time-honoured artisan techniques and advanced technology are intricately woven together as each car is created. Our team's dedication to push beyond accepted standards of perfection to achieve an unheralded level of dynamic and aesthetic precision is truly unique.

A RICH HISTORY, AN EXCITING FUTURE

Unrivalled prestige, unequalled craftsmanship, uncompromising standards. For over a century, the Aston Martin name has been synonymous with excellence in the field of motorcar design and is one of the world's most iconic, recognisable marques. Each one produced is bespoke and handcrafted, making a highly personal statement about the owner who possesses it.

For their vision of 300 Biscayne Boulevard Way in downtown Miami, Aston Martin partnered with renowned developer G&G Business Developments LLC to translate its legendary design into an exclusive real estate venture. The result is a prestigious, one-of-a-kind edifice that represents the pinnacle of elegant living.

THE ART OF CRAFTSMANSHIP

“In this, our first residential development, the interiors are inspired by Aston Martin, but take into consideration Miami’s tropical environment. Our design language is based on beauty and the honesty and authenticity of materials. It’s simple and pure and it has an elegance attached to beautiful proportions. We are incorporating Aston Martin’s DNA through subtle details and fine craftsmanship, with an emphasis on comfort. This building is for people who appreciate the finest quality and craftsmanship, who love the feeling of something that is timeless.”

TIMELESS LINES, EXTRAORDINARY VISION

Beautiful design starts with the simplest stroke of a pencil, before growing and evolving as that first spark of creativity is brought to life.

“Looking at the city of Miami and its powerful connection with the sea, the idea of smooth waves came instantly to our minds. The ripple of the water and the soft lines of its coastline made us wonder how to create a connection between architecture and Miami’s distinct shapes.

The work of carving a new niche in this city led to the creation of a luxurious Residential Tower that speaks in the language of the ocean - inspired by the rush of the breeze and the sail of a boat. Aston Martin Residences at 300 Biscayne Boulevard Way achieves an exquisite encounter between sea, city and wind.”

Stated square footages and dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls between units and in fact vary from the square footage and dimensions that would be determined by using the description and definition of the “Unit” set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes all interior structural components and other common elements). This method is generally used in sales materials and is provided to allow a prospective buyer to compare the Units with units in other condominium projects that utilize the same method. Measurements of rooms set forth on this floorplan are generally taken at the farthest points of each given room (as if the room were a perfect rectangle), without regard for any cut outs or variations. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length and width. All dimensions are estimates which will vary with actual construction, and all floorplans, specifications and other development plans are subject to change and will not necessarily accurately reflect the final plans and specifications for the development.
