VISION

An unparalleled quality of life ✦

Rising from the most peaceful and expansive stretch of sand on Miami Beach's coastline, The Perigon is an unprecedented collaboration between three global design icons. The rare seclusion, matchless amenities, and impeccable service of this unique private enclave promises residents an exclusive Miami Beach lifestyle.

The Perigon is world-renowned Office for Metropolitan Architecture's (OMA's) first residential masterpiece in Miami Beach. Responding to the blissful serenity of its setting, the building's ingenious design ensures breathtaking views in every direction. Landscaping by Gustafson Porter + Bowman enfolds The Perigon in a lush, otherworldly embrace, while interiors by Tara Bernerd & Partners give the 73 residences, exclusive restaurant and speakeasy, and exceptional five-star amenities a distinctly European feel.

THE PERIGON

SETTING

In the middle of it all,
but a world apart ✦

Situated at 5333 Collins Avenue between the infinite blue of the Atlantic and the tranquil waters of Biscayne Bay, The Perigon is set directly on the island's widest and most secluded sweep of beachfront, just minutes from all that Miami Beach has to offer.

Equidistant from Bal Harbour and South Beach, The Perigon's enviable location confers both convenience and a sense of remote seclusion. Moments from the famous Miami Beach Boardwalk, this lofty haven activates an unsurpassed indoor-outdoor lifestyle, just a stroll from myriad dining destinations, exclusive boutiques, and cultural attractions.

DESIGN

Inspired by nature, designed by icons ✦

The Perigon unites a constellation of global design icons – OMA, founded by Pritzker Prize-winning Rem Koolhaas, Tara Bernerd & Partners, and Gustafson Porter + Bowman. Together they have magnified the building's majestic oceanfront setting to present a residential offering without equal.

Drawing its name from the geometric term for an angle of 360 degrees, every aspect of The Perigon alludes to or reflects its spectacular wraparound views. The building is designed as a series of diamond-shaped towers that cascade towards the Atlantic Ocean and Biscayne Bay, maximizing water vistas and privacy on both sides of the property. The Perigon's sleek tiers create a façade that mimics the fluid form of the adjacent waters, promising a singular new landmark on the Miami Beach skyline.

Designed to gently touch the ground

Seemingly afloat above lush gardens and breeze-filled spaces, The Perigon's slender columns, soaring lines, and wraparound terraces are a subtle nod to Miami Beach's rich Art Deco heritage. Floor-to-ceiling windows and ample outdoor areas enable residences to combine the intimacy of single-family villas with the vistas of high-rise living.

Responding to OMA's eloquent architecture, Tara Bernerd's sanctuary-like interiors are inspired by the natural palette and ethereal light of Miami Beach. Refined fabrics, tailored weaves, and glossy timbers complement original designs distinguished by impeccable craftsmanship.

Stepping outside, Gustafson Porter + Bowman has created a microcosm of Florida's landscapes through a series of interlinked habitats. Breeze-tussled coastal planting on the oceanfront transitions to a more tropical Everglades environment within via the dune-protected pool and striking water features.
