ACTIVATE YOUR OUTDOOR LIVING

A sensuous undulating 2,100 square feet of terrace wraps each floor in a shady walk-around veranda that protects the glass from the sun as in traditional Florida homes. This veranda shapes the architecture. Glass balustrades form horizontal bands which change from floor to floor thus creating the sculpture that is Regalia.

OVER AN ACRE OF OCEANFRONT

Regalia's landscape is an expression of its seaside location as it captures the rhythm and form of the beach in long sweeping curves parallel to the shore. The beach forms a scenic and natural boundary to the pool deck overlooking the ocean. The pool itself is framed by a margin of stone in soft natural colors. The cabanas, nestled among the dunes, are framed by low privacy walls of stone with clear views of the sea.

STEPS TO THE BEACH CLUB

Regalia's tropical pool deck merges effortlessly into the broad beach washed by blue-green ocean waters. Steps away, the Beach Club awaits, anticipating the luxury of hours spent relaxing on sculptured lounges shaded from the sun. Attendants serve a selection of refreshments throughout the day together with all the services that make this a perfect beach haven.

NATIVE FLORIDA LANDSCAPE

"As a continuation to the natural environment, soft cropped turf of seashore grass surrounds the area in a lawn that gives way to gentle dunes covered with tall native grasses in sage and lavender" - Dick Rogers, Landscape Architect
