# Miami Worldcenter

Miami Worldcenter's lifestyle-driven "high-street" retail component is the centerpiece of the development's 27-acre master plan, featuring approximately 300,000 SF of retail, food and beverage, and entertainment space. An open-air shopping promenade runs North and South from Northeast 10th Street to Northeast 7th Street and between Northeast 1st and 2nd Avenues. A large public plaza will be surrounded by shops and restaurants, creating a central gathering place and outdoor event space. Miami Worldcenter's development team has already completed 150,000 SF of retail space, with another 130,000 SF currently under construction and nearing delivery.

# The Blue Zones Center

Developing buildings centered around well-being, preventative medicine and technology integration, The Blue Zones Center is re-inventing the way we plan, design, and build healthcare environments.

Blue Zones, Adventist Health and Legacy Hotel & Residences have partnered to open the first flagship well-being and medical facility that will completely change the way consumers access and consume healthcare. Built on the Blue Zones research, standards, and principles, and Adventist Health's 150-year well-being heritage.

The Blue Zones Center will be a first-of-its-kind 160,000 square-foot health and well-being center, located in the heart of Miami's new downtown, Miami Worldcenter. It marks Adventist Health's and its subsidiary Blue Zones' next chapter in putting their longevity principles into practice via this first flagship center for well-being.

It is being built on the powerful new trends of consumerism, med-tech, and a flip from the old model of treating the sick to a system built around prevention and well-being. Services will include diagnostic, surgical, medical, spa, fitness, lifestyle medicine, and well-being improvement programming.

Building spaces that allow everyone to live longer, happier, and healthier lives
