THE STANDARD HOTELS

Created in 1999, The Standard hotels are known for their taste-making clientele, their pioneering design, and their unrelenting un-standardness. With 6 operating hotels in New York, Los Angeles, Miami, most recently London and the Maldives, and the upcoming The Standard, Hua Hin and the Asia flagship, The Standard, Bangkok Mahanakhon slated to open in early 2022, the goal of every Standard project—be it a hotel, a rooftop discothèque, or a magazine—is to defy conventions, up the aesthetic stakes, and deliver an experience that can only be had at The Standard. The Standard's irreverent and playful sensibility, combined with a careful consideration of design, detail and service, have established its reputation as a pioneer of hospitality, travel,

dining, nightlife, and beyond. Sansiri PLC, Thailand's leading real estate developer made its first investment into Standard International in late November 2017, which increased over time, making Sansiri PLC the majority stakeholder.
