

The background is a watercolor-style composition. It features large, overlapping washes of color. On the left, there's a large, textured blue wash. In the center, there's a pale yellow wash. On the right, there's a teal wash. The bottom right corner has a darker, more saturated teal wash. The overall effect is soft and artistic, with visible brushstrokes and color blending.

RIVAGE

BAL HARBOUR

A ONCE-IN-A-LIFETIME BEACHFRONT PARADISE

Perfectly poised on the most beautiful stretch of beach in the country, Rivage Bal Harbour rises from the lush tropical landscape, a beacon of modern living. This very limited collection of bespoke residences offers a luxurious life immersed in nature, mere steps from the ocean on one of the last beachfront properties to be developed in Bal Harbour. These light-filled homes in the sky provide elevated services and amenities on par with the world's finest hotels. The result is a refined and considered approach to total well-being.

PARADISE FOUND

Rivage Bal Harbour, one of the last new developments on this pristine white sand beach, offers a rare and coveted opportunity. This is an unparalleled location, with unobstructed views of the Atlantic, the Intracoastal Waterway and beyond. It's paradise on earth.

The background features a watercolor illustration of several leaves. The leaves are rendered in various shades of teal, light blue, and dark blue, with some areas showing a gradient. Each leaf is outlined with a thin, shimmering gold or brown line. The overall style is soft and artistic, with a focus on natural forms and colors.

Architecture & Design

SOM

Skidmore, Owings & Merrill (SOM) is a leading architecture, engineering, and planning practice responsible for some of the world's most technically and environmentally advanced buildings and public spaces — from Burj Khalifa in Dubai and One World Trade Center in New York City to Millennium Park in Chicago.

ROTTET STUDIO

Rottet Studio is an international architecture and interior design firm founded by Lauren Rottet, an accomplished architect, knowledgeable curator of art and one of the world's most-celebrated interior designers. She is the only woman in history to be elevated to Fellow status by both the American Institute of Architects and the International Interior Design Association. Her keen eye for scale, proportion and materiality contributes to a contemporary aesthetic steeped in luxury, with a certain elegant restraint.

ENEA GARDEN DESIGN

The “Picasso of gardens” is known for his rare ability to fuse the indoors with the outside world, creating livable outdoor spaces that blur the boundaries between a structure and its surrounding environment. He has worked extensively in Florida and has a deep understanding of the native flora that informs his enduring and contextually relevant landscapes.

The dimensions stated for this floor plan are approximate because there are various recognized methods for calculating the square footage of a unit. The square footage stated here is calculated from the exterior boundaries of the exterior walls to the centerline of interior demising walls without deductions for cutouts, curves, or architectural features. This method typically results in quoted dimensions greater than the dimensions that would be determined by using other accepted methods. The definition of "Unit" and the calculation method to be relied upon is set forth by the Developer in Developer's prospectus which method may result in a square footage calculation less than the result of the calculation method used here. Renderings depict features not included with purchase, but which are available at an additional cost such as wine bar and closet millwork among others. The dimensions stated for this floor plan are approximate because there are various recognized methods for calculating the square footage of a unit. The square footage stated here is calculated from the exterior boundaries of the exterior walls to the centerline of interior demising walls without deductions for cutouts, curves, or architectural features. This method typically results in quoted dimensions greater than the dimensions that would be determined by using other accepted methods. The definition of "Unit" and the calculation method to be relied upon is set forth by the Developer in Developer's prospectus which method may result in a square footage calculation less than the result of the calculation method used here. Renderings depict features not included with purchase, but which are available at an additional cost such as wine bar and closet millwork among others. Consult the Developer's prospectus to learn what is included with Unit purchase and to understand Unit dimensions. 2024 © Carlton Terrace Owner LLC, with all rights reserved.

The background is an abstract watercolor composition. It features a variety of colors including shades of blue, green, purple, and brown. The colors are layered and blended, with some areas appearing more saturated than others. The overall effect is that of torn, overlapping pieces of paper, with irregular, jagged edges and some white space visible between the layers. The word "Amenities" is centered in the middle of the image in a dark, serif font.

WELCOME TO THE AMERICAN RIVIERA

Since its inception in 1929, Bal Harbour has been an elite enclave on the tiny tip of this barrier island. It is unquestionably the most sophisticated and culturally rich embodiment of South Florida's glamorous lifestyle.

This unparalleled location offers both a sense of privacy and convenient access to entertainment, dining, shopping, transportation and recreation.

A favorite of snowbirds from the beginning, the town welcomed the now-legendary Bal Harbour Shops in 1965 with a caliber of stores unrivaled by Manhattan's Madison and Fifth Avenues and the Champs-Élysées in Paris.

The village is also home to Unscripted Bal Harbour, a renowned public art program, and to its Art Access program that provides complimentary admission for residents and their guests to some of the area's finest museums.
