⁽¹⁾ ARCHITECTURAL VISION

Renowned architecture firm Robert A.M. Stern Architects redefines the essence of a historic legend in its first-ever oceanfront endeavor.

Soaring 200 feet above the ocean line, a new 18-story tower captures state-of-the-art indoor/outdoor living. Behind the original Art Deco façade of the historic Cromwell House, a suite of residences and a deluxe Penthouse have been purposefully reimagined. And a single-family Beach House has been designed to create the ultimate beachfront life.

A once-in-a-generation opportunity to experience an exceptional oceanfront lifestyle. From world-class developer Witkoff, The Shore Club Private Collection is in every sense an icon reborn.
