LIFESTYLE BY THE STANDARD

Hi there,

This is the first one.

At The Standard, we never believed in rules, and yet, here we are again, breaking our own mold. Since early 2000, we have built hotels and continue to do so around the world in locations with Soul – places that are special to us.

We have created places infused with our Culture and Vibe. Our witty way of looking at life. Where quirkiness and community mean everything. The kind of places that encourage the unexpected. Places to experience for one night, two nights, or a month... and then again.

You came to our hotels, and we provided the ambiance and the experience.

We are finally developing our first residential project. This is the first time we will sell our keys.

Where instead of being a guest, you will be an owner.

We are super excited to finally have found the location and the team of partners and designers to develop Miami's coolest building.

Whether you live, stay or rent, our service will be infused with the unique Vibe and Culture of our brand.

A building that will be anything but Standard.

OWN IT!

NEIGHBORHOOD

Walk, walk, walk everywhere...
in high heels, trainers, or suits.
Surrounded by residential
buildings and bustling side-
walks 24/7

The Standard Residences Midtown Miami is steps from everything, located in the center of it all.

Inspired by New York's Soho district, Midtown's bustling sidewalks and electric 24/7 atmosphere is at the heart of Miami's explosive growth. Midtown is Miami's most pedestrian-friendly neighborhood, connected to the Design District on the North and Wynwood to the South. Walk downstairs for a bite at Sugarcane, shop at Trader Joe's, or stop by the new Whole Foods on 29th and Biscayne.

The project celebrates Midtown's urban culture with a 4,000 square-foot lobby alongside 10,000 square feet of active ground floor retail.

In both cases, Midtown assumes an active role in curating the community, building neighborhoods—or enabling others to build them—in line with a vision for walkable, connected districts that raise the value of the entire area while unlocking business opportunities.
