BAY HARBOR

A Way of Life

THE BUILDING

A Chic Place to Call Home

I've never been one to sacrifice when it comes to style. Contemporary architecture is right at home here in Bay Harbor Islands, with a low-rise height of 7 floors, intimate boutique size of only 26 total residences, and sleek glass walls that combine to

create a peaceful place to live. Space is left open to sunny atriums, rippling water features, tall ceilings, and spacious balconies and rooftop decks. Bright and cheerful, yet serene and secluded, you'll feel like you simply belong here.

WELCOME TO MIAMI'S
BEST-KEPT SECRET

Bay Harbor Islands the Beautiful Life

Located on the prestigious north side Biscayne Bay, this friendly, family-oriented neighborhood is home to excellent schools, lovely parks, quaint local bistros and shops, golf, tennis, and a beautiful stretch of un-crowded Atlantic beachfront - all just a short walk from your front door.

Of course, if you want a little glitz and glamour, I can offer that as well. The world-famous Bal Harbour Shops is around the corner. Fabulous five-star hotels, spas, and fine dining restaurants on the beach are just along Collins Avenue. Hop in the car, and you're a short drive from Aventura Mall, Lincoln Road, Downtown Miami, Brickell, and beyond.

Common Areas, Lounge & Garden

The Terrace

A gentle breeze blows across the rooftop, making the palms in the garden sway back and forth. Glass-framed balconies that provide an enhanced sense of openness. Have a picnic lunch, share cocktails at sunset, or simply admire the view. Here, there's nothing at all between you, the sky, and the stars.

THE POOL, YOUR OWN PRIVATE OASIS

The Drop Off

Isn't it wonderful when you arrive someplace and it immediately makes you feel different? It's a specialty of mine. Lush landscaping frames the ground floor entrance drive with calming elements of nature. The glass-covered porte-cochere is elegant, yet understated, allowing you to focus on the friendly smile of the valet who comes to take your car, or help you with shopping bags, school backpacks, or anything else you require.

FITNESS CENTER

Bringing Energy to Every Day

I don't know about you, but I like to live life actively. Sometimes that means playing with the kids in the kids club - exploring art, music, climbing, building, and discovering the joys of growing up in such a special part of South Florida. Other times it means visiting the Fitness Center, fully equipped with the latest cardio equipment, weight machines, free weights, stretching areas, and a dedicated studio space for getting together with neighbors and friends who enjoy yoga, Pilates, or meditation together.
