ARIP RESERVE

PENTHOUSE COLLECTION / Penthouses

All dimensions are approximate and all floor plans and development plans are subject to change. Stated square footages and dimensions are measured to the exterior walls and the centerline of interior demising walls between units and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes all interior structural components and other common elements). This method used herein is generally found in sales materials and is provided to allow a prospective buyer to compare the Units with units in other condominium projects that utilize the same method. Measurements of rooms set forth on this floor plan are generally taken at the farthest points of each given room (as described above and as if the room were a perfect rectangle), without regard for any cutous or variations. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated and is provided for informational purposes and owner on preliminary plans and will vary with actual construction. This floor plan are presents the typical floor plan are presents the typical floor plan set estimates which are based on preliminary plans and will vary with actual construction. This floor plans are proposed and conceptual only, and are subject to change and will not necessarily accurately reflect the final plans and specifications for the development. The furnishings and decor illustrated are not included with the purchase of the Unit. See Prospectus for information regarding what is offered with the Unit and the calculation of the Unit square footage and dimensions.
