THE RESIDENCES AT
1428 BRICKELL

YOUR LIFE. YOUR WAY.

From its conception, The Residences at 1428 Brickell have been a building without compromise. In the tower's scrupulous attention-to-detail and its imaginative approach to amenities, The Residences elegantly embrace both private sanctuary and shared space.

Designed by acknowledged masters of the art of living, ACPV ARCHITECTS led by Antonio Citterio and Patricia Viel, and international architecture firm Arquitectonica, The Residences are a natural expression of the human experience. Years of research and insights into the way we live (and the way we wish to live) have culminated in The Residences at 1428 Brickell, bringing a sense of artistry to the effortless routines of everyday life.

The Residences at 1428 Brickell are also a work of art, an iconic centerpiece of the quintessential Miami skyline. Its organic form, accentuated by the lush botanical oasis at its base, creates an immediate sense of calm, of serenity, a place of welcome and delight.

This is a home for those who love the city but also crave quiet moments of contemplation. Whether in the serenity of the lobby and the lush expanse of the garden or in the natural harmony of the pool deck and the spectacular amenities located at the top of the tower, the sense of space and well-being here is a balm for the soul.

By day, the sun shimmers off blue waters; at night, the city lights of Miami glow.

YOUR URBAN SANCTUARY

The burgeoning neighborhood continues to garner international and domestic attention as home to world-class brands and businesses. Just north of Brickell, residents can enjoy Miami's highly regarded cultural institutions including the Adrienne Arsht Center for the Performing Arts, and other prominent venues such as the FTX Arena, Miami's mecca for major sporting and entertainment events.

These homes are created for the individual who values privacy, cherishes peace, and desires to be in the heart of a city as vibrant as Miami. In this urban sanctuary, residents can transcend everyday constraints and discover a profound and lasting sense of well-being.

Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior air space between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is set forth on Exhibit 3 of the Declaration. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change.

All prices are subject to change at any time and without notice, and do not include optional features or premiums for upgraded units. From time to time, price changes may have occurred that are not yet reflected on this brochure. Please check with the sales center for the most current pricing. Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior air space between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is set forth on Exhibit 3 of the Declaration. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room(as if the room were a perfect rectangle), without regard for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change.

Please note that the Developer is Yech - 1428 Brickell, LLC. This is not intended to be an offer to sell, or solicitation to buy, condominium units to residents of any jurisdiction where prohibited by law, and your eligibility for purchase will depend upon your state of residency. This offering is made only by the prospectus for the condominium and no statement should be relied upon if not made in the prospectus. The sketches, renderings, graphic materials, plans, specifications, terms, conditions and statements contained in this brochure are proposed only, and the Developer reserves the right to modify, revise or withdraw any or all of same in its sole discretion and without prior notice. All improvements, designs and construction are subject to first obtaining the appropriate federal, state and local permits and approvals for same. These drawings and depictions are conceptual only and are for the convenience of reference and including artists renderings. They should not be relied upon as representations, express or implied, of the final detail of the residences or the Condominium. The developer expressly reserves the right to make modifications, revisions, and changes it deems desirable in its sole and absolute discretion. All depictions of appliances, counters, soffits, floor coverings and other matters of detail, including, without limitation, items of finish and decoration, are conceptual only and are not necessarily included in each Unit. The photographs contained in this brochure may be stock photography or have been taken off-site and are used to depict the spirit of the lifestyles to be achieved rather than any that may exist or that may be proposed and are merely intended as illustrations of the activities and concepts depicted therein. Views vary from each unit and there is no assurance of the views from any particular unit. Ceiling heights are measured from top of floor slab to underside of ceiling slab. No real estate broker is authorized to make any representations or other statements regarding the projects, and no agreements with, deposits paid to or other arrangements made with any real estate broker are or shall be binding on the developer. All prices are subject to change at any time and without notice, and do not include optional features or premiums for upgraded units. From time to time, price changes may have occurred that are not yet reflected on this brochure. Please check with the sales center for the most current pricing. Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior air space between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is set forth on Exhibit 3 of the Declaration. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room(as if the room were a perfect rectangle), without regard for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change.
